*Minimum Essential Coverage (MEC) includes employer-sponsored coverage, health insurance purchased through the Health Insurance Marketplace (Exchange), Medicare, Medicaid, certain VA coverage, Tricare, etc.

For tax year 2020, the Federal ACA tax penalty has been eliminated, however, you may still be subject to a state tax penalty depending on where you live because some states have created their own individual insurance mandates to replace the federal version. These mandates require state residents to have qualifying health coverage or pay a fee with their state taxes.

Use this worksheet to list the names of individuals listed on the income tax return and their health care insurance coverage status. It will help your tax preparer determine who has health insurance coverage.

If you purchased a health insurance policy from an exchange (or Marketplace), check the Exchange Policy box above. You will receive Form 1095-A from the exchange that issued your policy. Please provide this form with your Organizer documents to your tax preparer.
